

## Civil Engineer (m/f/d) Pipeline and Underground Construction

Job-ID: 2025-07-TSISB-WMA

### About Us

The Institute for Applied Construction Research (IAB) Weimar is one of Germany's leading industry-oriented research institutes. For more than 30 years, we have been developing innovative equipment, methods, and materials for the construction industry in close cooperation with our partners from both industry and academia. With more than 120 employees, we focus on practice-oriented research and development to shape the future of construction.

To strengthen our Infrastructure Department within the Technical Systems Research Division, we are looking for a Civil Engineer (m/f/d) specialized in pipeline and underground construction, starting as soon as possible.

### Your Tasks

- Participation in industrial and research projects in the field of pipeline and underground construction
- Preparation and processing of project applications and technical reports
- Conducting research, experiments, and evaluations
- Presentation of research results at conferences and to project partners
- Contribution to scientific publications and technical articles
- Supervision and further development of our test facilities in the Infrastructure Department
- Support in investment planning and project execution

### Your Profile

- Degree in Civil Engineering (Bachelor, Master, or Diploma), ideally with a specialization in water management, supply engineering, environmental engineering, or energy
- Solid knowledge of civil engineering fundamentals
- Strong interest in applied research and interdisciplinary collaboration
- Excellent command of German (spoken and written)
- Independent and structured way of working, with strong communication and teamwork skills
- Proficiency in MS Office applications

### Our Benefits

- Permanent employment at an industry-oriented research institute
- Mobile working options and flexible working hours (flextime)
- Opportunities for further education and doctoral studies alongside work
- Additional social benefits (company pension scheme, company kindergarten)
- Company bike leasing (Business Bike, Euro Rad, Linexo)
- Job ticket (Germany Ticket)
